Summer is officially here, so there is no longer any seasonally-related reason to limit your riding. Put that heated vest away, dig out the mesh jacket you stuck in the back of the closet last September and get out there and ride. But seriously, folks...I just wanted to rant a little, knowing perfectly well that RCB'ers do not actually need any encouragement to ride in July (or, for that matter, in January or any other month!).

The Spring Classic definitely lived up to its name and should become a regular fixture on our annual events calendar. If you were unlucky enough to have missed this year's inaugural Classic then go to the RCB website and check out the pictures of the fun you would have had. The members of the **Special Committee to Review Events With Upside Potential** (the "**SCREWUPS**") left their lairs in Rocklin and did a magnificent job organizing this event. About seventy RCB'ers were there to enjoy the riding and the camaraderie. Hope to see even more riders in 2015!

Del Christiansen, a BMW and RawHyde off-road riding instructor, has offered prior some free (yes, I said "FREE!") rider training to the Club. Although the training is primarily focused on off-road riding, Del assures me that a lot of the techniques are valuable on the pavement as well. The first (on-pavement) session will be in the A&S parking area on Sunday, July 27, starting at 9am. The class is limited to fifteen participants and the sign up list is on the RCB website (on the Forum). Del will also do a follow-up training session at the Prairie City facility later this summer that

will actually be off-road! I will have more on that session later.

Mike Pordes (the guy who spoke about ear protection at our last monthly meeting) has agreed to come back on a Saturday and measure interested RCB'ers for custom ear protection. Once we have decided on the exact date I will get word out to members through the RCB website and an e-mail blast. The folks at Susie's have agreed to let us hang around one Saturday after breakfast for the first "RCB Ear-Fest"! I will let everyone know once we finalize the date. It will be a Saturday in July or August (starting at about 9am after we eat and going until everyone's ears are protected). Don't worry -- this event will not conflict with either the July monthly ride (the Railroad Flat picnic) or the August monthly ride (Yerington Ride 'n' Bowl).

Even recognizing how frugal (that's a fancy word for "cheap") most RCB'ers are, I am still surprised that no one has decided to order the really cool Twisted Core base layers that are available to club members at a discount. Check the Forum for details. If you don't believe me, ask Jeannie Thurston how well they performed on her recent Iron Butt ride.

Speaking of Jeanie and the other Iron Butters (and I was just speaking of them), hearty congratulations are due to eleven (yes 11!) riders who successfully put over 1,000 miles on their bikes in under 24 hours. Ryan Moore was the first finisher in 14 hours and 15 minutes for the 1,020-mile jaunt. The final bikes came in after 16 hours and 40 minutes of saddle time. I did the math and Ryan **AVERAGED** 71.6mph including time for gas and (presumably) pee stops. The final finishing group averaged 61.2mph, including stops. That is some really serious riding! I was so impressed that I considered trying an Iron Butt myself. NOT TO WORRY – the feeling passed quickly as soon as I opened a cold one to restore my normal mental acuity as well as a mature recognition of my own limitations.

Finally, don't forget to make your reservations for Yerington. There's bowling in them thar hills!

Minutes

- A. The meeting was called to order at 7:00 PM.
- B. **Last Month's Minutes:** The Minutes from last month were moved for approval without changes by Terry, second by Marv, motion carried.
- C. **Treasurer's Report** - The P & L has moved toward a loss of \$593.40 for the year. May 31, 2014 Treasurers Report is attached as reference.
 1. Closed Events: Tech day - expenses \$163.77 vs. budget of \$150.00
 2. Toy Run expenses of \$256.37 vs. budget of \$400.
 3. Poker Run expenses of \$418.17 vs. budget of \$450
 4. Open Events: Spring Fling at Trinity current expenses \$679.92 vs. budget of \$500. Expected total expenses to end up just under \$1100 due to additional cost of campsites and firewood.

BOARD MEETING MINUTES

D. **Membership Report** - Membership is at 196 paid members.

Old Business

1. **Trinity Alps AKA Spring Fling** - The new event was a huge success with somewhere over 70 attendees. In spite of no organized group meal everyone managed to fend for themselves and a great time was had by all. There was a surplus of firewood in the end. Because of the larger than anticipated turnout the event was a bit of a budget buster but well worth the effort by the Rocklin RCB Gang and their organizational skills and vision was much appreciated by the group. There was some discussion that, assuming that this event could be set for the first Monday in June, that it be combined with the monthly meeting. One thing that was very helpful was the number of folks who four wheeled it bringing along needed supplies for the two wheel riders.

- 3 **The June Oyster Run** - This ride was the June Club Ride and was a great success as well. The ride was to Samuel P. Taylor State Park in Marin County (near Point Reyes Station) with an oyster lunch stop at a local eatery. There was a circuitous, three-hour route to get there. Folks who wanted to spend the night Saturday camped at the park. RCB is reserved campsites. Those who didn't want to spend the evening returned to home after lunch.

- 4 **Manchester Beach** - Jack Weiglein has hinted that he may be amenable to managing the Manchester Beach Saturday night dinner. Only a hint so far but progress. It was also suggested that there is a catering organization in Woodland that would prepare the food and deliver it for self service for about \$14.95 per person plus a \$100 delivery charge. We would have to provide paper plates, utensils, etc. It has been suggested that there is a non-profit Grange and perhaps other non-profits in the area that could be contacted for catering as well.

- 5 **Saddle Sore 1,000** - The members of the Gold Country Riders along with any RCB members and others are still planning a June 21 ride from A & S to Wendover, UT and back. Sign up on the forum if you desire to put 1,000 miles on your motorcycle in only one day.

New Business

1. **Meeting Presenters** - We had a meeting presenter at the June meeting who enlightened us regarding hearing protection while riding. Several members took advantage of the presentation and ordered custom fit hearing protection that day. He has agreed to come back some non meeting Saturday to fit up those who want custom molded hearing protection and Suzies will allow the time after breakfast for him to set up shop. This will be announced on the website. If anyone has an idea for additional meeting presenters to help us all ride safer please feel free to present your idea to the board.

BOARD MEETING MINUTES

2. **Anniversary of the Timely Renewal Plan** - Gordy recalled that this was the anniversary of the timely renewal plan and those that were wise enough to take advantage of it paid back their dues easily. Renew your membership dues on time and get a 10% discount at A & S for the following month.

3. **Rawhide Instructor** - Gordy had a chance meeting with Del Christianson, who was working on the A & S remodel. Del, who is a Rawhide instructor volunteered to teach a parking lot class for GS type motorcyclists one Saturday and for those that get comfortable and wish to continue a dirt riding clinic as well at a later date. This is a great opportunity to sharpen motorcycling skills and the parking lot skills could even be of benefit for non-GS riders. Dates and times to be announced.

4. **New Member Incentives** - A lively discussion ensued on ways and means to recruit new members with incentives of some kind. Numerous ideas were discussed and further research and consideration will be given to new member recruitment.

Meeting was adjourned at 7:36 PM.

UPCOMING CLUB EVENTS

A TOUR OF THE SOUTHWEST + PAONIA RALLY

By Fred Jewell

Ken Caruthers and I have been discussing this for quite a while, how can we encourage people to go on a touring ride who may not have done one before? Granted, there are a lot of our members that have ridden across the country any number of times, but for those who are new to touring we felt it would be a good idea to set up a well organized tour, without demanding levels of miles between stops, a 'go as you please' pace, several options to bail out and head home, and an excellent destination. So, that's what we did. We came up with a ride that will cover about 350 miles per day, taking four days to get to the Top O' the Rockies Rally in Paonia, CO, and will explore some of the greatest roads and most beautiful country along the way.

We will be leaving Susie's on **Monday**, July 14 at 9:00 AM, heading up I-80 to Fernley, NV, and across Nevada on US 50 to our first stop in Eureka, NV. We'll be staying at the Eureka Inn/Best Western Plus that night.

Tuesday finds us going east and south to Panguitch, UT, staying at the Purple Sage Motel. The roads between Cedar City and Panguitch are outstanding motorcycle roads with incredible views of the Cedar Breaks National Monument.

Wednesday we'll be riding on one of the best motorcycle roads in the country - highway 12 from Panguitch to Torrey. Bryce Canyon is on this road, which should give you some idea of the scenery. After that highway 95 going to Blanding, UT, will remind you of the scenery from the roadrunner/coyote cartoons we all watched as kids, minus the falling anvils and pianos. We'll be staying at the Gateway Inn in Blanding that night.

More fantastic roads will be on tap for **Thursday**, in particular the Million Dollar Highway between Silverton and Ouray, CO, one of those roads you just have to do on a motorcycle at some time in your life; it's that outstanding. If you've come along this far, you might as well attend the rally in Paonia, a favorite of many of the RCB members.

Some details:

You will have to make your own reservations at the motels and register yourself at the rally.

1994 K75 RS Mystic Red

For Sale

Extremely clean and well kept. There's a little scuff on one bag. very low miles at 26,107. Lovingly cared for. Absolutely NO issues at all. Randy at A&S had a look and told me that, from the factory, this was a low seat bike. Later on someone had the seat reupholstered with 2 to 3" added height. I'm 6' tall and I'm comfortable on it but it can become a low seat bike with no more work than reupholstering the seat making it a great K75 lovely for a lady or shorter guy or first bike for a teenager. It's my second K75. The other one was the first BMW I ever owned. Headlight protector. I'm pretty sure the little fairing is aftermarket as well - the Stock RS had no fairing. This has Laminar Lip double windscreen and works very well. See photo. Dual Air Horn (LOUD!) :) Thermometer. Touchup paint pen. (may you never need it) Both side bags - all locks are

keyed alike including 4 locks on bags, seat lock and ignition. Best to call evenings/weekends or call during day and leave message/question. I'll call you back. \$4500 - worth it too. It's a beauty. Bike is in Roseville. Christopher Kight (916) 813-8008 kightboy@aol.com 06/23/2014

Riding gear

For Sale
 Helping out a friend of the family. I'm selling off their, his, riding gear. All are men's large. It probably really is easiest to just ride over and see the gear. Some are "like new", and some are well cared for, but well worn. Jackets, rain gear, gloves, helmets and a bit of luggage too. Thanks for your interest, Steve

2006 BMW R1200RT - UNIQUE

For Sale
****Single & Dual Rider Configurations**** Single: Corbin seat and Smuggler storage box (\$1,400 value) Dual: Standard BMW seats \$8,750 LOADED Clean title, 55K miles, garage kept and all 6K maintenance services completed including 54K service. All service & maintenance records available since mile 1. New clutch with less than 3K miles. Michelin PR3 tires in good condition. It was love at first sight when I picked up this motorcycle from the first owner with 11,400 miles on the odometer, and it's been one great love affair and journey ever sense. I love the RT so much that I've ordered a new 2014 R1200RT that I will be picking it up next week. If I had my way I'd keep this bike since I own it free and clear and it's in such good shape, BUT my wife has already told me that I can't have 3 motorcycles (I own a Suzuki 650 Burgman for around town) because I can only drive one at a time. So my loss is your gain for some great riding adventures with this bike. Standard Options: ESA Suspension, Heated grips, Cruise Control, On Board Computer and Radio Prep Kit. BARBER VINTAGE MOTORSPORTS MUSEUM

Home to the world's best motorcycle collection, the museum now has over 1200 vintage and modern motorcycles and racecars and the largest collection of Lotus cars as well as other significant makes. The collection is the largest of its kind in the world. There are approximately 600 of the 1200 motorcycles on display at any given time. These bikes range from 1902 to current-year production. The museum displays common street bikes as well as rare one-off Gran Prix race machinery.

The Barber Vintage Motorsports Museum is located at the 830 acre Barber Motorsports Park that includes a world class 2.38 mile racetrack.

"The Chase"

This sculpture, commissioned by the Barber Motorsports Museum, personifies the motion, strength and integrity that I associate with the racetrack and motorsports competition. The over-life-sized scale of the figures indicates the super-human power and sense of achievement that one experiences on the track. The sculpture, made of cast stainless steel, took over a year to create. Each 3,000-pound figure was cast in 28 different pieces, welded together, ground out, and finished with a chemical patina.
