Meet 5-6, Leave at 6:30

President's Corner

By: Jack Klauschie RCBPREZ

Last month, I confessed I spent time at the back of monthly member rides for quite a while. I want to share what I learned at the back for prospective members, new members and old hands.

- 1) Be prepared.** Please assure your bike is in good working order. Arrive at the starting place with a full tank of gas and empty bladder. While WC and gas stops may be planned, you should not expect the group to abide by your bladder capacity or fuel level. Make a point to download the GPS route or print a copy of the paper directions and map for the ride.

- 2) Ride at your own pace.**

I cannot emphasize this enough. Members have a wide range of skills. Some like to ride "fast" while others want to smell the wild flowers. I may do both during a particular ride. Truth is there only will be a few minutes between those at the front and those at the back when we stop for a break. The rides ARE NOT races. There is no penalty for going slower than those at the front. The point is to enjoy the ride, and get home safely. All we ask is that you tell someone if you plan to make stops to look at scenery, take photos, etc. as that does make a big time difference, and we likely will not wait or go looking for you. If you ask around, you may find others who want that experience.

- 3) Go "straight" if you lose sight of the group.**

February 2017

Going “straight” means to stay on the road being ridden even when encountering stop signs, traffic lights, side roads, etc. Group ride leaders try to stop and wait for all riders to catch up when there is a major turn or fork to assure we do not lose someone. Traffic conditions, however, do not allow this to be done safely at all times. If the group must proceed, we ask someone to wait for others to catch up, leap frogging until the last rider comes along.

4) Don't panic. GPS routes and paper routes

are posted on the Club web site for organized rides. We do this so no one gets lost. Take a few minutes to study the route before a ride starts, preferably the night before. Ask if you have questions before the ride starts. If you do this, you will know the route, where there are major turns, where there will be stops, and our ultimate destination.

5) We try not to leave someone behind. If we know you are part of a ride AND you follow the suggestions above, someone may go looking for you if you go

missing for a meaningful period of time. We do so in case someone has a mechanical issue. You must do your part by staying on the route, etc. Having others give up their day to go looking for you is a privilege, not a right, so please tell someone if you decide to do your own thing.

[GPS Basics Class - February 25 @ 11 AM](#)

Ken Carruthers, our de facto ride Captain, has volunteered to conduct a class on the basics of use of Map Source and Basecamp, the two primary Garmin mapping programs. The goal of the class will be to impart sufficient knowledge so you can make your own route or track, be able to download a route or track from your computer to your GPS, and share GPS routes / tracks with your riding pals via e-mail.

The class is designed to be hands on so plan to bring your GPS with a full charge and your lap top (**with a full charge**) if you have one.

Please check to be sure your GPS has the latest operating software. This can be done through Garmin Express. If you bought the BMW Nav # you probably have unlimited map updates. You also can buy unlimited map updates from other vendors such as Touratech. If you have unlimited map updates, please, please check to assure your map is up to date because downloading a new map can take hours, depending on internet speeds. If you have an older map, don't worry as it most likely will work with Map Source or Basecamp.

The class will be at my office. Matheny Sears Linkert & Jaime, 3638 American River Drive, Sacramento (just south of Watt and Fair Oaks). The entrance is at the back of the office building next to the American River levy.

Please sign up on the forum so we can plan ahead.

[Motor Safety Class - March 25 @ 2PM at A&S](#)

Greg Peart, a longtime member of RCB and retired CHP Motor Officer, has given motorcycle rider safety talks at the 49er Rally and Beemer Bash for many years. We asked him to do a talk for RCB. A & S graciously agreed to host the event.

Greg will give an approximate 1 ½ hour safety talk designed for the motorcycle rider to enhance street safety awareness. The information is a conglomerate of the best things a long-time rider and retired California Highway Patrol Motor Officer feels would help the street rider. After the 1st hour of seminar, Greg will answer the top most asked questions of a CHP Motor Officer. There should be time after that for questions and answers from you the rider. Greg will discuss the new California 2017 phone law and lane splitting law too.

Greg's Resume:

February 2017

Greg Peart was a Certified Motor Training Officer retiring from the CHP after 25 years working in the San Francisco, Redwood City and Martinez offices. His last 18 yrs. were spent in the South Sacramento Office. The last 13 of those yrs. he was a motor Officer. Greg also worked 6 yrs. for the Anderson Police Dept. and was a motor Officer there as well. He is currently a part time motor Officer for the Cal Expo State Fair Police Dept. in Sacramento, Ca. Greg has provided TV/photo bike support for over 20 years at bicycle and marathon race/events like the Amgen Tour of California (10 years)/USA Pro Challenge of Colorado/Tour of Utah and Escape from Alcatraz. He has worked for TV and has two movies under his belt The Ride and LE Ride by Phil Keoghan of The Amazing Race. Greg rode the video motor that filmed each of the movies month long, day & night filming scenes. Greg is also a motor support for USA Cycling. He has also driven the men's lead vehicle that provides TV coverage of the New York Marathon for 10 years. Greg subbed for another rider one year at the Boston Marathon for the TV moto coverage. Greg has ridden on vacation in Europe, Mexico, Canada, Hawaii and New Zealand. Greg is an accomplished Iron Butt Association Rider with his last ride accomplishment being Prudhoe Bay, Alaska to Key West, Florida.

CLUB EVENTS

Whale of a Tour

10th Annual Whale of a Tour B&B ride in March

By Greg Peart

March 10, 11 & 12,

Friday/Saturday/Sunday, 2017

Greg & Cyndee Peart have hosted the first big RCB ride of the year now for 10 years. Destination has always been the beautiful Sea Gull Inn bed & breakfast in Mendocino. This tour was conceived 10 years ago during Manchester beach campout to be a couple's tour, rain or shine, non-campout & a first tour RCB ride of each year. As always, we plan to stay with Jim and Ayla Douglas at the Sea Gull Inn of Mendocino. The rooms are blocked off, so reservations must be made by calling: The Sea Gull Inn at: [888-937-5204](tel:888-937-5204). Let them know you are with the River City Beemers and you will receive 15% off the standard weekend rate, there is a 2-night minimum stay for this event. Your first night rate will be charged as a deposit when the reservation is made and the balance required at check-in. If we exceed the Inns 9 room limit, Jim or Ayla will assist you in obtaining lodging close by

in town. We have never needed more than 9 rooms so far. As in past events, this will be a very easy going weekend. Activities depend on the weather, size & wishes of the group. The inn is a beautiful place to just chill. Mendocino is a historic district, small coastal town that is just wonderful to stroll about, watch the migrating whales, shop, and just relax. This tour is designed for couples & is a hit with the ladies. Need I mention the fabulous breakfast delivered to your room each morning? As in past years we will again enjoy a group cocktail party each night prior to departing for dinner.

The Plan: Check out The Sea Gull INN at: www.seagullbb.com, then call 888-937-5204 to make your Own Reservation. Then, Call Greg Peart 916-870-7841 & leave contact # or email him at: XFIL911@comcast.net that you are going with us. Cutoff date for reservations will be:

February 2017

8PM, Thursday, February 17, 2017. On Friday, March 10th, meet at 8 AM (if you want breakfast) or 9 AM wheels up/full tank at the **EPPIES Restaurant** in West Sac. Take West Capitol off ramp from W/b I-80 (at the east end of the Yolo causeway). Make a left turn at end of ramp and go under the I-80 overcrossing. Turn right at the 2nd right turn onto Lake Rd. The NEW EPPIES is behind the Subway Sandwich shop 1st left driveway on Lake Rd. Signs are hard to see. Greg's cell phone: 916-870-7841. This is a rain or shine event, cars welcome if needed for any reason.

Note: Although there's no meeting on the other Saturdays, quite a few members still make it to Susie's for conversation and sometimes a pickup ride.

Monthly Club Ride

Location:

Susie's Country Oaks Cafe, 500 Cirby Way, Roseville, CA 95678

Leaves Susie's at 9:00am on meeting days

What's better, after breakfast, than a spirited ride through the beautiful NorCal roads we've been blessed with? Except for special events, the rides are generally 2-3 hours in length, cover 100-200 miles, and end with a lunch at some destination. The rides are generally "spirited" but if we get enough participation, we generally add a second, more relaxed-pace group. Clutch out is 9:00AM or when the monthly meeting ends, whichever is later, and ride sheets are usually distributed prior to departure. Please show up with a full tank of gas.

Here is a link from our northern club representative Tom Moe. Take a look and see what Montana has to offer. <https://mtbmwriders.org/Newsletters.html>

As always if anyone has something that would like published, travel report, pictures of events, how to articles, etc. Please send them and I will get them published.
