President's Corner

By: Jack Klauschie RCBPREZ

We are replacing the president's corner this month with some information about a movie that will benefit the CHP Widows and Orphans Fund.

The information was provided by Greg Peart who also "stars" in the movie.

Our Local Member Greg Peart With Phil Keoghan (of the Amazing Race) In the Movie "Le Ride"

On April 15th in Sacramento & the 16th in Modesto & the 14th in San Francisco our clubs own member Greg Peart can be seen in a very entertaining documentary style movie made by TV Star Phil Keoghan (host of the Amazing Race). Greg rode the motorcycle that filmed Phil Keoghan & his buddy Ben as they rode their bicycles daily across the US from LA to New York in 2009. That

movie was called, "The Ride" and can be seen on Show Time or purchased from Amazon.com. The new movie "Le Ride" was filmed over a 30-day period in France and retraces the route of the 1928 Tour de France bike race. Phil & Ben ride authentic 1928 period bikes over the same route & grueling schedule as the original race. Greg rode a Kawasaki 1400 cc Concours motorcycle as Scotty filmed the epic event from the back seat. Some race days were 24 hours long. Those who know Greg will have the opportunity to laugh and share his exploits with Phil & Ben as he experiences this most wonderful motorcycle adventure. Greg is retired from the CHP having been an officer for 25 years. He spent the last 18 years in the South Sacramento office and 13 of those riding motors. Phil plans to donate all box-office proceeds to charity. For this Sacramento location all funds will go to the CHP Windows and Orphans Fund.

The full-size poster for the movie is below. Also, here is a link to fandango to order tickets.

http://www.fandango.com/ualagunavillage12_aaake/theaterpage?date=4/15/2017

And to make sure all information is here the following is the email for Greg:

I know this is short notice but finally got this link yesterday. The movie "Le Ride" I helped Phil Keoghan 3 years ago in France film is screening here in Sacramento on April 15th at 7 PM. The next night on the 16th in Modesto and on the 14th in San Francisco . The link below will go to the Sacramento theater for tickets. Do you think you can get it out in the email newsletter for APRIL? Please feel free to use the poster of the movie below or the attachment as per Phil's OK. Phil is donating all ticket proceeds from the Sacramento showing to the CHP Widows and Orphans Fund. This will directly benefit CHP Motor Officer Lucas Chellew who in February was killed in the line of duty in South Sacramento. As I was once a CHP motor officer in South Sacramento, and now I am in this movie with Phil. Phil reminds me that I am in this latest movie more than the first movie "The Ride" which was back in 2009. I have included a short written piece below linking me to the movie. Please use it to introduce me in the article. My goal is to get the information out to our members so they don't miss the opportunity to laugh out loud together at someone they know on the big silver screen right here in the local area and support a worthwhile cause at the same time. Our membership should love it as all the moving shots are from the motor I was riding. Myself, Ben and Phil will be at the showing to talk with people after the show. Thanks.

Greg Peart

The President's Corner will return next month.

Whale of A Tour Ride Report 2017

By Greg Peart

This year's Whale of A Tour came on March 10, 11 & 12th and was the "big" 10th year in a row. That's right, Jim and Ayla Douglas have been hosting us for the tour at their own bed & breakfast, The Sea Gull Inn of Mendocino for the past 10 years. And this year would prove to be one of the absolute best ever. Not well attended this year but that's not all bad. Of course, Greg Peart led the group over and back. Cyndee Peart had a late start with home issues to address and drove over. The other riders were Karl Weiland & Lisa and Bruce Cornelius all meeting at Eppie's in West Sac. for a great breakfast. Chuck & Marilyn Talley and in laws Dale & Becky all met us at the Inn. Heidi Weiland also decided to drive over and met us in Mendocino. Our breakfast was the usual really good food that Eppie's has to offer.

This being the first tour of the RCB riding season one never knows just what to expect weather wise. Now I have ridden alone or up to 7 bikes on this tour in every kind of weather but this year was expectantly pleasant. As you all know we have had way over average rain fall this season which has been really good for our dried-out region. This weekend was the tops for weather. Wispy clouds, warm sun with no wind made for perfect riding conditions. Not too hot or too cool for riding gear. Hwy. 128 was clean from recent Cal-Trans crews working on the roadway drainage edges. Making a pit stop at Markley Cove Store, which by the way is installing a small kitchen to make quick food like sandwiches, we made good time. This allowed us to take a side trip around Lake Berryessa past Spanish Flat onto Pope Canyon Rd. and up the grade of Howell Mountain Rd. I love that short twisty road the back way into Angwin. Jumping back onto Silverado Trail then Hwy 128 we made our way to the lunch stop at Jim Town Store. Cyndee met us there for a tasty lunch. If you have not been to Jim Town Store lately it has changed for the better in the past few years with much more seating and still really good food.

A fuel stop in Cloverdale was just not needed so it was onto the last leg and next pit stop, Navarro Winery. Having a car with us to stock pile a case or two of wine for later in the day & weekend was very handy. The rest of the ride was just plain great. Light traffic, sunny warm day with a full load of weekend fun in store ahead of us. We arrived at the Inn around 3:45 pm ready to party. After a quick consultation with Jim & Ayla reservations were made for dinner at the never fail to please Little River Inn. Our afternoon cocktail party was enjoyed on the deck by all. Around 7 pm we made the short drive from town in the dark to the Little River Inn south of Mendocino at Van Damme State Park. It is nice that we had cars so we could partake of all that wine we got in Navarro. Dinner was exceptional & we pressed on for what seems to be a growing tradition of late night Irish coffees at the Mendocino Hotel.

Saturday morning was clear & sunny with the absolutely superbly delicious breakfast that Jim brings to your room. Made even better with that whole pot of great tasting coffee. We all had a lazy day of our own making. Some wondered about town peeping into the local shops or made the trip up to Fort Bragg for gas or to visit the Botanical Gardens. Cyndee & I drove Lisa & Bruce to the gardens then a quick stop at the Mendocino Chocolate Factory in Fort Bragg. Picking up a

APRIL 2017

sandwich at the local grocery we then drove 12 miles north on Hwy. 1 to the Pacific Star Winery. We both belong to their wine club and we had never been out to the winery. They have a great place for lunch overlooking the Pacific Ocean which the winery is build next to. More wine to cart home. Good thing we brought a car. See, cars can be a good thing now and then. There was a couple there on a K1200LT we did not know enjoying the very sparse traffic of Hwy. 1. It was an absolutely beautiful day to be on the coast.

Our afternoon cocktail party was held in the Talley's room which is the largest of the 9 rooms the Inn has to offer. It is called "The Barn" and is a free-standing structure sleeping up to four at the rear of the property. With a bedroom downstairs, a small living room bath and then a loft upstairs it is a perfect party place. Dinner this night was at 7:15 PM at the ever popular and close to walk to "955 Ukiah" restaurant. After dinner, everyone made the short walk to the Mendocino Hotel for our great deserts of Irish coffee. This is always a great cap to an easy day of fun & friendship.

Having remembered to set the clock ahead one hour for daylight saving time morning light came earlier than expected. One hour to be exact. But then so did Jim with that great Sea Gull Inn breakfast & coffee. The day was just picture perfect again with not a cloud in the sky. We thanked Jim & Ayla for their genuine hospitality and hope to see them again next year if the fates allow. Leaving at 10 AM Greg, Bruce & Lisa followed by Cyndee driving the wine hauler, set out for our expected lunch stop at Granzella's in Williams. Karl & Heidi went south to Sea Ranch to visit friends. The Talley party wanted to wine taste in the Napa Valley on the way home. It is hard to imagine that the Whale of a Tour is now 10 years old. And yes we did see whales blowing just off shore. You don't have to look out to sea very long to notice them plying the cold Pacific waters. The never disappointing red bud was also just beginning to bloom with wild flowers just starting to make a show. With too much cold and water for the poppy to be out yet I found only a few in bloom. So, until next year's Whale of a Tour, this was the best Whale of a Tour ever!

CLUB EVENTS

TECH SESSION - April 8

Members have suggested we have an event where basic motorcycle preparation / maintenance is discussed. The Board thinks that is a good idea so we are. It will be on April 8, 2017, starting at about 10 am. It will be in Rancho Murieta. **If you decide to participate, go Murieta Drive toward the airport in Rancho Murieta. Look for Hanger F, then go to No. 19.**

This event is intended to be instructional, not a chance where one can get free maintenance or use of shop

tools for your own work.

Curricula currently will include use of a GS911, doing an emergency tire plug, and an oil change on a boxer (probably on a GS because access is easier). We are considering a value clearance check session on a boxer (again probably on a GS, maybe an RT, because access is easier).

If you have a suggestion, please send me a personal message.

APRIL 2017

Monthly Club Ride

Location:

Susie's Country Oaks Cafe, 500 Cirby Way, Roseville, CA 95678

Leaves Susie's at 9:00am on meeting days

What's better, after breakfast, than a spirited ride through the beautiful NorCal roads we've been blessed with? Except for special events, the rides are generally 2-3 hours in length, cover 100-200 miles, and end with a lunch at some destination. The rides are generally "spirited" but if we get enough participation, we generally add a second, more relaxed-pace group. Clutch out is 9:00AM or when the monthly meeting ends, whichever is later, and ride sheets are usually distributed prior to departure. Please show up with a full tank of gas.

Check the forum for details of the ride.

Here is a link from our northern club representative Tom Moe. Take a look and see what Montana has to offer. <https://mtbmwriders.org/Newsletters.html>

As always if anyone has something that would like published, travel report, pictures of events, how to articles, etc. Please send them and I will get them published.

I bought this BMW in March of 2016. It has less than 3000 miles. It comes with every option available. Garmin GPS, Akrapovic exhaust, clutch-less shifting, soft suit case which fit in each side bag, BMW water proof top bag, Denali low/high beam running lights, waterproof bike cover, EXTENDED WARRANTY, and battery charger. I will include a Schuberth medium size helmet which has the BMW communication device installed for communication with the Garmin GPS, your smart phone, your passenger, and any play lists your phone may have on it.
