President's Corner

By: Jack Klauschie RCBPREZ

I was reading an article in ADV Moto magazine by Travis Walters that struck a chord with me. While the magazine's focus is on backcountry touring, all motorbike rides are an adventure simply because we are doing so on a motorbike.

You do not smell the flowers (or road kill), or see a shooting star in a cage. He wrote about music and riding, focusing on the periods of time between a sound and a ride. I think his observations are worth sharing. He writes:

"It's these short but vital periods of time that define not only the music we listen to but the adventures we undertake. I suggest that as a community of adventure motorbiking enthusiasts we step back and reflect upon the piece we're composing for our friends, for ourselves, and for those we've yet to meet. Sure, I'd love to rally a multi-month trip to far

ends of our globe; however, that track has yet to be written.

For the vast majority of us life has other plans. Does this imply we shouldn't listen to the music? Absolutely not. In fact, if anything, we need to crank it up and rally between the notes. It's in these brief pauses where we find big rewards in little adventures.

** * * The pause between musical notes is a finite time that, left unused, quickly fades with little memory. Unwilling to sacrifice these momentary lapses of time we, as a community, must embrace even the shortest of rides. Select a day ride or specific goal to work on; perhaps some skill and drill to refine your music.*

** * * The point is to be on your bike, in the moment, in your element."*

Travis ends his piece saying: *"While the opportunities to pull back on the throttle may be in themselves brief, the benefits are many and everlasting. Let the good times roll and enjoy the ride . . . however short it may be."*

Cheers!

CLUB EVENTS

Central Nevada Outback

Join us for a weekend of camping and exploring the outback of central Nevada. The ride will depart Susie's on Friday, June 16 at 8AM. We will eventually make our way to Pine Creek campground (our Base Camp) nestled in Aspen trees at the base of 11,814 ft. Mt. Jefferson. The sites at the campground have picnic tables, fire rings, and BBQ's.

Some sites of interest in the area: Toquima Cave, Potts Station (Potts Hot Spring), Diana's Punch Bowl, and the town of Belmont (semi-ghost town and home to Dirty Dick's Saloon). Saturday's schedule has us heading to Berlin-Ichthyosaur State Park (if enough interest). The route will take us south to Belmont, over to Manhattan, on to Gabbs, and finally to the state park.

If you are interested in exploring with fellow RCBer's, please sign-up. Feel free to email me at everin@msn.com if you have any questions. It will be very important to get an accurate rider count so we can plan accordingly and bring the right amount of supplies. Ken is assisting me with the GPS route upload(s). I am hopeful by the June 3 club meeting rider counts/details will be finalized.

Wednesday Dinner Ride

Location:

Coffee Republic, Folsom, CA

When: Every Wednesday, 6:30PM departure

Where: Coffee Republic, 6610 Folsom-Auburn Road, Folsom, CA 95630

What: Riders meet at the Folsom Coffee Republic before heading out to a local dining establishment 30-45 minutes away. After dinner, the riders return home on their own. Locations are chosen the previous week by the participants. Participation varies between three and 30 riders depending on the time of year and the weather. And yes, we ride in rain and during holiday periods although the groups tend to be smaller and the destinations closer by. But through it all, we haven't missed a Wednesday in over two years!

Each week's destination is usually posted in our **forum** on the previous Monday or Tuesday.

Board of Directors Meeting

Location:

Cool River Pizza, 1805 Cirby Way STE 3

04/11/2017 - 7:00pm

The RCB board of directors meets monthly to review past activities and plan future events. Consideration is given to member interest and cost, and the meeting is open to all.

While the meeting begins at 7:00PM, most of the directors gather earlier to have dinner.

RCB member participation is strongly encouraged.

Monthly Club Meeting

Location:

Susie's Country Oaks Cafe, 500 Cirby Way, Roseville, CA 95678

04/01/2017 – 8:00am

Organizer:

Club Membership

Join your fellow **RCB** members every month to hear the latest club news, learn about upcoming events, participate in a fun raffle, and, of course, to socialize with your friends. Attendance is usually between 40 and 60, or roughly 20% of our club.

Note: Although there's no meeting on the other Saturdays, quite a few members still make it to Susie's for conversation and sometimes a pickup ride.

Monthly Club Ride

Location:

Susie's Country Oaks Cafe, 500 Cirby Way, Roseville, CA 95678

Leaves Susie's at 9:00am on meeting days

What's better, after breakfast, than a spirited ride through the beautiful NorCal roads we've been blessed with? Except for special events, the rides are generally 2-3 hours in length, cover 100-200 miles, and end with a lunch at some destination.

The rides are generally "spirited" but if we get enough participation, we generally add a second, more relaxed-pace group. Clutch out is 9:00AM or when the monthly meeting ends, whichever is later, and ride sheets are usually distributed prior to departure. Please show up with a full tank of gas.

Check the forum for details of the ride.

Here is a link from our northern club representative Tom Moe. Take a look and see what Montana has to offer. <https://mtbmwriders.org/Newsletters.html>

As always if anyone has something that would like published, travel report, pictures of events, how to articles, etc. Please send them and I will get them published.

Please Check the Forum often to stay updated on club functions and events.

2006 Triumph Sprint ABS

05/08/2017

For Sale

One owner bike. I bought it in December of 05 from Howard at the old Performance Cycle shop on Auburn Blvd. Other than a trip to Colorado and a few runs out to the coast this bike has been my year round daily commuter for 10 years. Solid ride for all of it too. Always garaged. Details: Swapped out the handle bars for 07's (a bit taller and closer to the rider) Heated grips, Taller wind screen, Six pot ZX-12R brakes up front along with pedal rotors replaced the four pot Triumph bits. Much improved stopping performance. Valve check in 2015 showed no significant wear and all were in spec.

JUNE 2017

New chain, along with front and rear sprockets put on at that point too. Lithium Ion battery installed less than six months ago. Tires will go most of the way through the summer, but spooning on a new set would be wise if a road trip is planned for the near future. Miles are just a tick under 29K Reason I'm selling it: commuting on my BMW R1100S instead :) Photos available by request. Depending on sale price, buyer gets all the gear (factory manual, tools, bike cover, RKA saddle bags, tank bag, GIVI top rack mount (top box not included) and decal removal if desired.
